

COMING FALL 2015
AN OCEAN OF CHANGE

COMING FALL 2015
A WAVE OF NEW

Steps away from the natural majesty of the Pacific Ocean, the newlyreimagined Hilton Long Beach will embody the Pacific's soothing beauty with colors and design cues inspired by not just the ocean but also the miles of sandy beaches for which Southern California is famous.

DRIFT AWAY
AT THE HILTON LONG BEACH

Personifying the aesthetic of its surrounds, the wave of change at Hilton Long Beach is evident, starting with our redesigned lobby and moving through our guest rooms with an inviting color scheme, warm sophisticated lighting, smart space technology, modern transitional furniture, and stylish, interesting accents at every turn. The new lobby will feature custom local art and soothing gunmetal and bronze finishes giving it a distinct yet classic look and feel. The reimagined Hilton Long Beach will exemplify a luxurious yet comfortable sense of "home," inviting you to come and drift away.
